Searched the Scriptures daily...
Acts 17:11

Blended Education & Individualized Learning

BCS uses a blended education approach under the guidance of a classroom instructor who establishes a personal relationship with each student. We are in the process of broadening our curriculum to include leadership training for students. Our educational strengths include elementary education in reading, literature, English, grammar, math fundamentals, science, social studies, Bible memorization and familiarization. We teach students to use a proven goal-setting methodology that enhances their academic performance. Students set goals daily, instructors review goal progress and assist students in understanding how to improve their performance.

- **Multi-student Discount**
 - **EBC Member Discount**
 - **Monthly Payment Plan**
 - **Homeschooling Option**

About Us

Berean Christian School began in 1972 with the purpose of pursuing academic excellence in a Christian environment. Today, as then, our goal is to partner with parents in bringing students into a discipleship relationship with the Lord Jesus Christ while upholding high academic standards.

Our Mission

Berean Christian School exists to assist parents in bringing their sons and daughters to maturity in Christ and in preparing them for life and ministry by teaching their children sound academics, the principles of God's Word, Way, and Will, and the skills to teach these to others. One Word: DISCIPLESHIP

Leadership Training

In order to be future leaders in their community, students must be taught leadership using an active, hands-on approach that is not limited to a classroom. Leadership lessons will provide each student the opportunity to develop their God-given skills with instruction designed to shape the student's interaction with other students in various problem-solving activities.
